- Hispanic Studies
- History
- Math, Statistics and Data Science
- Music and Music Performance
- Nursing
- Philosophy
- Physics and Astronomy
- Psychology
- Theatre and Dance
- Be Dependable

For the course Fundamentals of Business 101 we were tasked with creating a business as a group project. Our inspiration for creating our bracelets was to sell something durable and affordable so everyone would be able to support our cause. We believe it is important to remind people, especially given current events, that even if they donate something small, their effort makes a big difference in people's lives. All proceeds will be donated to St. Jude's Children's Hospital.

• Dangle Design  
Our mission is to successfully provide portable self-care and sanitation to help people stay

healthy and protected especially after COVID-19 when self-care and sanitation have become a priority. Our business is focused on selling hand sanitizer/chapstick holder keychains with a free sticker. The problem we will be solving is that ever since the pandemic, there are people that have been carrying around hand sanitizer and potentially losing it because they are keeping them in places like their backpacks or purses, which is difficult to keep track of. Therefore, our business will provide people with a more efficient way of keeping track of chapstick or hand sanitizer because the keychain will allow people to keep it with their car keys or room keys, which are less likely to be lost. All profits made will be donated to the Crohn's and Colitis Foundation.

• Wheaton Athletica  
Wheaton Athletica is focused on building community and school spirit through selling affordable Wheaton College branded t-shirts. We are a group of students in a Fundamentals of Business class forming a business for a group assignment. All of our profits will go towards Cradles to Crayons, a charity focused on eliminating clothing insecurity for children in the Boston area.

• Visit the animal behavior research subjects (miniature ponies), with Teaching Associate in Biology Shari Morris outside across from the Haas Athletic Center entrance.

## Student Support Resources

A strong support system is a must for any successful student.
